ABOUT

A continuously self-improving Full-stack developer with +2 years of experience, skilled in a wide range of technologies, including Next.js, express, and different types of databases with prisma as an ORM, with a strong commitment to delivering high-quality user experiences.

Experience

Front End Developer - Freelancing @Mostaqi 📄*

Aug 2024 – Present

- Built an E-Commerce app with two platforms:
 - **Customer Website:** Allows customers to browse products and make purchases, using Redux Toolkit and RTK Query to manage app data and connect to APIs.
 - **Supplier Website:** Lets suppliers manage products, create coupons, list items, and update store settings.

projects

Fullstack ecommerce 📄*

feb 2025

- Built with Next.js and Supabase postgres, using stripe for payment, NextAuth for authentication, Prisma as the ORM, and shadcn/ui with Tailwind CSS for styling. supports dark/light mode and internationalization for Arabic and English.
